

Spring 2013 Open House Comment Form

The Corps of Engineers and BPA want to hear from you and we need your feedback!

Open House Date 4/9/13

Was this Open House helpful? _____

How can we improve? We have more open houses planned so your comments will help make these better.

- ☐ Format, room layout, time
- ☐ Level of detail
- ☐ Use of simple language and terms
- ☒ Length of presentations
- ☐ Please explain or provide your own review:

2nd Presentation was too detailed - needs significant abbreviation.

Treaty Review Comments

1. I want the Treaty Review team to consider these issues:

Obviously, I would express the view that the benefits of the treaty
seem very unbalanced & greatly benefit Canada to the detriment of
the US. Flood risks & other benefits of the treaty have value but the
energy entitlement & cost paid by NW rate payers is not equitable.
There needs to be a more balanced cost vs benefit basis
to the treaty.

2. Is there any key information we missed in our Iteration 2 assessment? Any gaps in our analysis?

(see reverse)

3. As we move into the third phase of analysis, Iteration 3, what are your priorities for our attention?

leveling the benefits & reduce the entitlement to a more equitable basis. The entitlement is too expensive to NW rate payers for the price being paid.

Thank you for the opportunity to comment & for an informative openhouse.
